BOSTON, MASS.

TO THE TRADE

We greatly appreciate the hearty support and co-operation extended us by our many patrons in the past, and trust our future relations and efforts will result in a closer association to our mutual advantage.

New merchandise is constantly being brought out by the manufacturers, which cannot be incorporated in this catalog after its publication date. Our stock is being added to from time to time. Merchandise which has been introduced since this catalog was issued will undoubtedly be found in our stock.

OUR TERMS

PAYMENTS

Two per cent discount if paid within ten days from date of invoice or thirty days net, except on such articles as are otherwise specified in our price lists.

CREDIT

Where credit has not been established we shall be guided by sufficient rating in Dun or Bradstreet; or will be pleased to receive satisfactory references from prospective customers. To avoid delay, we recommend that these be mentioned with initial order or that we be permitted to ship C. O. D.

C. O. D.

When ordering goods to be shipped C. O. D., remit a sufficient amount to cover transportation both ways. Regular cash discount will be allowed on C. O. D. shipments or on orders accompanied by full cash.

RETURNABLE MERCHANDISE

We will issue no credit or assume any responsibility for goods returned to us without our permission.

We gladly rectify, at our expense, shipping errors on our part.

When goods are returned to us with our permission, but for reasons that we are not responsible, we shall deduct ten per cent from the amount of the credit to

cover handling cost. Merchandise damaged in customer's or transportation company's possession will be accepted at resale value.

Always mention the date the returned goods were invoiced to you.

CLAIMS

Claims for errors must be made within three days after receipt of goods.

ORDERS

Write your order plainly to save delay. Write the name of article, size, number or color and, if possible, give the number of our catalog page that the article is listed on.

MAIL ORDERS

We have a special Mail Order department and are equipped to give you prompt service.

SHIPPING

We always follow customers' shipping instructions. Please state whether merchandise is to be shipped by express, freight or parcel post.

Our responsibility ceases when goods are delivered to the transportation company or Post Office. All claims for damages should be taken up with the above.

PRICES

Prices shown in this catalog are manufacturers' latest list prices so far as it has been possible for us to obtain them. All prices are subject to immediate change without notice irrespective of any prices shown herein. We will, at all times, give our customers the benefit of the lowest market prices which are in effect at time orders are received. Latest trade quotations promptly upon request.

Your Merchandise must be SALEABLE!

AMERICA has again proven her indomitable spirit through the serious business crisis of the past two years. The utter refusal of American Business to admit itself licked—the fine co-operation between industry and labor helped to minimize the suffering that would have ensued had this co-operation been lacking. TODAY all of us are in an easy frame of mind—our confidence in ourselves and our fellow men greatly strengthened, and we face the future with greater courage and confidence than ever before.

The difficult period taught us business men many things, and made us realize that we must never lose sight of it, or ignore the fundamental principles upon which the success of any business rests!

YOU CANNOT SELL WITH EMPTY SHELVES OR DEPLETED STOCKS, YOUR MERCHANDISE MUST BE SALEABLE.

Our THIRTY-FOUR YEARS of experience catering to the needs of New England Retailers has given us a thorough insight on your requirements; with that intimate knowledge, we have very carefully made our selections of the reliable, nationally known products offered in this catalog—*every one a sales creator—a profit producer and a good will builder.*

While we have ordered ample quantities to take care of immediate demands—we *will not guarantee* the low prices listed herein. Daily we are receiving price advances. **THE PRICE TREND IS ON THE UP GRADE;** so we urge you not to neglect your immediate requirements and order now while prices are still low.

We want to thank you for your past patronage, it has been a pleasure to serve you, and, it is our earnest wish that our relationship will continue to be a mutually pleasant and profitable one.

Cordially yours

EVEREADY PRESTONE

**The Perfect
ANTI-FREEZE**

**Gives Positive
Protection**

**Can Be Used With
Absolute Safety**

Economical

EVEREADY PRESTONE is a concentrated chemical compound possessing all the properties the National Bureau of Standards declared essential for a SAFE anti-freeze. It contains no alcohol, glycerine or ANYTHING which can damage the cooling system. It PROTECTS the cooling systems from the corrosive action of water and prevents rust.

EVEREADY PRESTONE is ECONOMICAL—1 gal. of EVEREADY goes as far as 2 gals. of the less expensive compounds.

It is 20% more efficient than concentrated glycerine, 100% more efficient than the regular radiator glycerine which is usually 60% glycerine and 40% water.

EVERY PRESTONE stays in the car all season—it can't evaporate, and won't leak as readily as water.

It is entirely distinctive—ABSOLUTELY SAFE—and is readily identified by its GREEN COLOR.

EVEREADY PRESTONE is sold in *one-half* gallon, *three-quarter* gallon, *one* gallon, and *one and one-half* gallon capacity. With these four sizes of cans in stock a dealer can make combinations which will provide each car owner with the correct amount of Eveready Prestone without splitting cans. *As an example, if one and one-quarter gallons of Eveready Prestone are required, the correct quantity can be supplied with a one-half gallon can and a three-quarter gallon can.*

Eveready Prestone is marketed exclusively by National Carbon Company, Inc.

Schedule of Prices (All Prices Per Gallon)

Capacity	Number of Cans Per Case	Retail Price
1/2 gallon cans	12	\$4.50 (per gal.)
3/4 gallon cans	8	4.45 (per gal.)
1 gallon cans	6	4.45 (per gal.)
1 1/2 gallon cans	4	4.45 (per gal.)

9 Points of Superiority

1. Gives complete protection.
2. Does not boil off.
3. Positively will not damage cooling system.
4. Will not heat up a motor.
5. Circulates freely at the lowest temperatures.
6. Will not affect paint, varnish or lacquer finishes.
7. Non-inflammable.
8. Odorless.
9. Economical — one filling lasts all winter.

The
Choice of
America!

HARTFORD BICYCLES

READ! KNOW WHAT YOU BUY

FIFTY-FIVE years ago Col. Albert A. Pope founded the Pope Mfg. Co. (now the Westfield Mfg. Co.), and this marked the beginning of the bicycle industry in America.

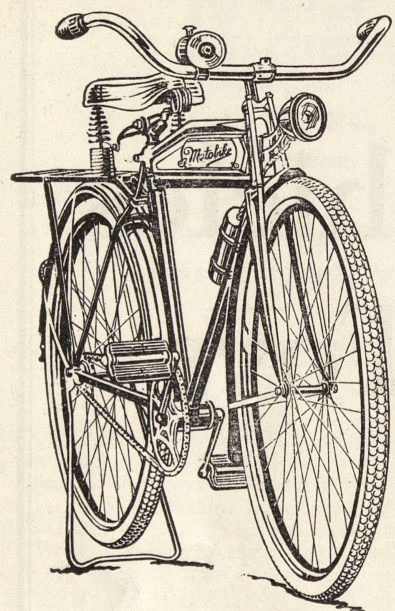

From an unpretentious beginning in Hartford, Connecticut, to the present large factories at Westfield can be traced the strictest adherence to a policy of quality production. This policy and long experience in bicycle building is a safeguard to the buyer far greater than any claims which could be made by those of less experience.

An important safety factor in POPE-MADE Bicycles is the sturdy patented Pope-Spun Steering Head (the strongest head construction ever put in a bicycle). Provides unusual strength at the point that bears the greatest riding strain. No weakening joints in the two main frame tubes just back of the head as these tubes are cut to exact length and spun into the frame head direct.

OTHER FEATURES

The celebrated Pope drop-forge, "heat treated," one-piece crank of special analysis steel and scientifically "heat-treated", springing, bending and breaking are practically eliminated.

The Double D design POPE-MADE sprocket and crank stay put. Sturdy Front Fork bearings. Perfect alignment—superior finish. Rust Resisting Spokes. Distinctive Appearance—Sturdy Construction.

MOTO BIKE Fully Equipped

MODEL L69-T

A strong favorite with many riders. Equipment: metal frame tank, chromium plated electric lamp, battery case, horn and rear luggage carrier.

Frame—19 inches.

Wheels—28 inches.

Color—Blue and White and Red and White.

Coaster Brake—New Departure.

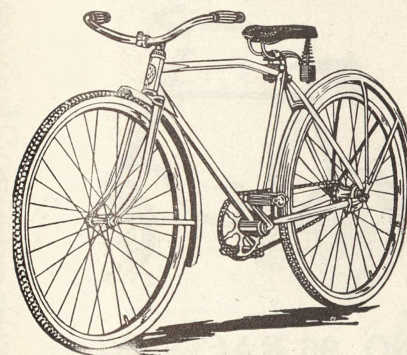

\$35.00

MIAMI BICYCLES!

Made by the Westfield Mfg. Co.

These easy running bicycles are sturdy machines and will stand up under hard service. They meet the demand for bicycles built according to Westfield standards, and its 56 years of experience, yet so low in price as to be within the reach of everyone. All these Bicycles are warranted in accordance with the universal guarantee adopted by the Bicycle Manufacturers' Association. A bicycle is built to carry one rider. Riding "double," as sometimes dangerously practiced, automatically cancels this guarantee.

Model CL67

MOTO BIKE

Model CL69T

fully equipped

This fully equipped bicycle is also popular with many riders. Supplied with a metal frame tank to match body color, Clearaway horn, Delta electric lamp, enameled battery case, rear luggage carrier.

COMPLETE
\$1.35
LIST

No. 3

Billiard Markers under rails.

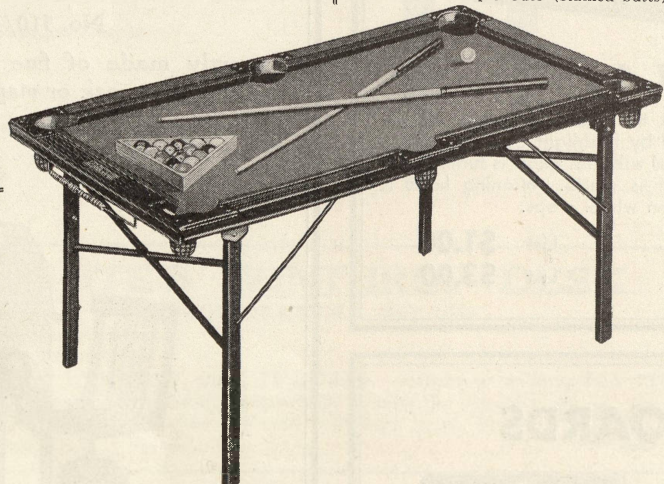

Size 22½ x 42½ inches.
Height 25¾ inches.

Cloth covered cushions.
Corner plates and Leatherette pocket trim at all pocket openings.

A RIGID, Durable Folding Pocket Billiard Table. Just the thing for the children — amusing, entertaining and a means of helping the young folks develop keenness of eye, good judgment, and co-ordination of mind and muscle. These tables are manufactured by the Brunswick-Balke-Collender Company, whose tables for years have been recognized as the standard of the Billiard World. Table and playing equipment scientifically scaled down to correct proportions. Finished in Mahogany. An ideal gift for the kiddies. The grown-ups, too, will enjoy playing on this table. Folds compactly when not in use.

Playing equipment consists of: One Set of 15 Colored and Numbered Pocket Balls size 1¼". One White Cue Ball. One Maple Junior Playmate Triangle. Two Junior Playmate Maple Cues (stained butts) 32" long, and Book of Rules.

COMPLETE
\$5.95
LIST

Billiard Markers are now furnished on all models, a set of 25 being placed at each end of table rail.

Eight curve tracks included which form an 80 in. circle **\$5.50**
LIST

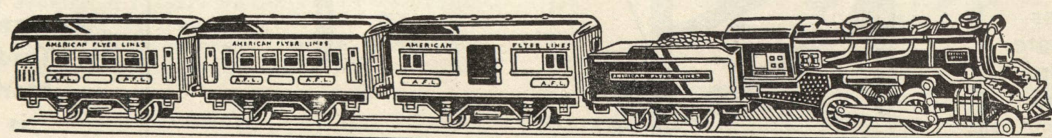

STANDARD AMERICAN FLIER NARROW GAUGE TRAINS

1340—PATHFINDER TRAIN SET (29 in. Long). This sturdily constructed train will provide fun for years. The 7 1/2 in. locomotive and the three different 6 1/2 in. cars are finished in bright enamel and have many solid brass details including windows, doors, observation rail and Observation Car canopy. Baggage Car has sliding doors. 8 curved and 2 straight track included. (DYALTYPE Transformer 1289 (110 V-60 Cycle) Recommended.) Each **\$6.95**

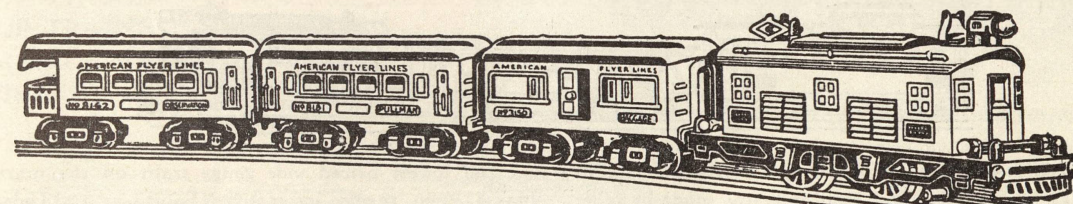

1341 RANGER—Patented Ringing Bell, Reverse Motor, 9 1/2 in. Double Truck Cars. This 36 in. train is the longest two-car steam type freight train made. The new 15 1/2 in. die cast locomotive with tender has patented ringing bell, reverse motor, new shielded headlight, realistic valve action, pilot and trailer wheels. 9 1/2 in. enameled cars. 8 curved and 2 straight track included. (DYALTYPE Transformer 1289 or 1290 (110 V-60 Cycle) Recommended.) Each **\$10.00**

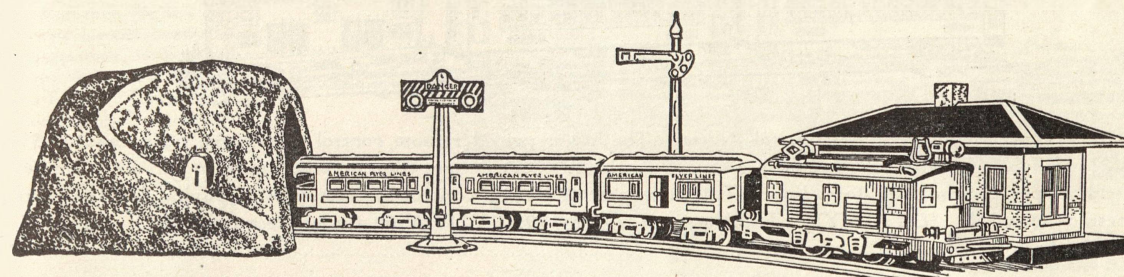

1342 TEXAN 37 in. TRAIN SET—Patented Ringing Bell, Reverse Motor, Die Cast Locomotive. In every detail the Texan fulfills the demand of discriminating boys. Flash, brilliant colors, glistening trim, different type. The new die cast 15 1/2 in. reverse locomotive with tender features, patented ringing bell, double acting piston rods, pilot and trailer wheels, and realistic brass details. Tender has imitation coal. Cars are each 6 1/2 in. long finished in bright two-toned enamel. Baggage Car has sliding door. 8 curved and 2 straight track included. (DYALTYPE Transformer 1289 or 1290 (100 V-60 Cycle) Recommended.) Each **\$10.50**

NARROW GAUGE ELECTRICAL TRAINS American Flyer Trains

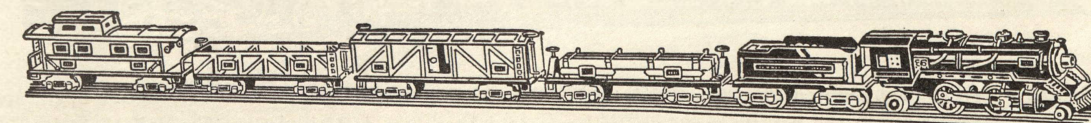

1382 FRONTENAC—Triple Action Remote Control Reverse and Lighted Cars. Price reduced from \$14.50 to \$12.50—the lowest priced remote control train made. It is 31 in. long. Baggage Car has sliding doors. Pullman and Observation are electrically lighted. Double truck cars are each 6 1/2 in. long. The 9 in. remote control locomotive adds tremendously to play value. 8 curved and 4-straight track included. (DYALTYPE Transformer 1290 (110 V-60 Cycle) Recommended.) Each **\$12.50**

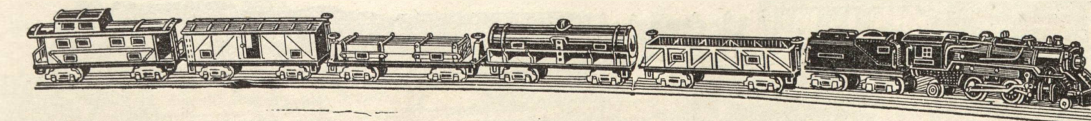

1328 NEW BLUE BIRD—21 Pieces—Reverse Locomotive, Lighted Cars. Has everlasting play value. Two-toned enamel train is 31 in. long. 9 in. locomotive has reverse motor. Baggage Car with sliding doors. Pullman and Observation Cars are electrically lighted. Cars are each 6 1/2 in. long. Station, semaphore, flashing signal, tunnel, automatic mail bag set, 8 curved and 4 straight track included. (DYALTYPE Transformer 1290 (110 V-60 Cycle) Recommended.) Each **\$13.50**

1350 NEW PAUL REVERE—Patented Ringing Bell, Triple Action Remote Control Reverse, Die Cast Locomotive. Unparalleled value at the lowest price that a train with its features has ever sold for. 42 in. long. New 16 in. remote control magnificent die cast locomotive with tender has the exclusive ringing bell, and features both pilot and trailer wheels together with complete and realistic valve action. The protective construction of the headlight accentuates the powerful beam of light. 8 1/4 in. low center gravity full enameled cars electrically lighted. 8 curved and 6 straight track included. (DYALTYPE Transformer 1290 (110 V-60 Cycle) Recommended.) Each **\$17.50**

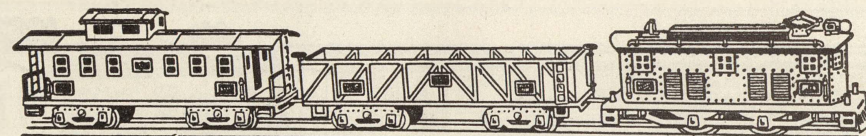

1352 STEEL MOGUL—Patented Ringing Bell, Triple Action Remote Control Reverse Locomotive. The powerful new die cast 16 in. locomotive with tender, features extra large drive wheels as well as pilot and trailer wheels. Its remote control motor enables the operator to control the 55 in. long train from a distant position. Ringing bell adds greatly to play value. The 9 1/2 in. enameled cars with full brass trim are the longest made. Caboose has light. 8 curved and 6 straight track included. (DYALTYPE Transformer 1290 (110 V-60 Cycle) Recommended.) Each **\$19.50**

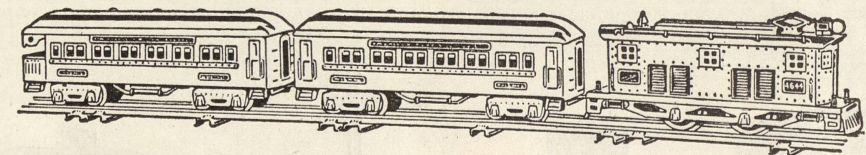

1353 SMOKY MOUNTAIN—Patented Light in Fire Box, Patented Triple Action Remote Control Reverse, Ringing Bell. The world's most advanced narrow gauge steam type train—68 1/2 in. long. 17 1/4 in. die cast locomotive with tender is of 8-wheel construction and features patented ringing bell and lighted fire box. An exact reproduction of the famous President Washington on the B. & O. Railroad. Eight-wheel low center gravity die cast tender is in true proportion to the locomotive. 9 1/2 in. full enamel cars are the longest and heaviest made. Caboose light. 8 curved and 8 straight track. (DYALTYPE Transformer 1290 or 1295 (110 V-60 Cycle) Recommended.) Each **\$26.50**

American Flyer Trains

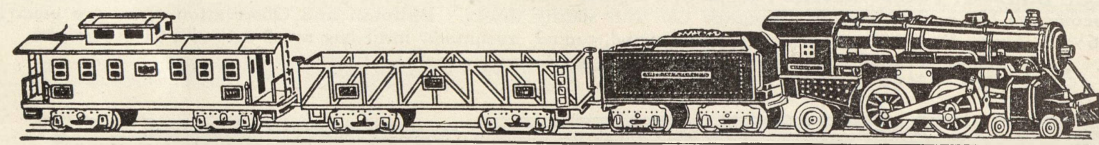

WIDE GAUGE (2 1/4 in.) ELECTRICAL TRAINS

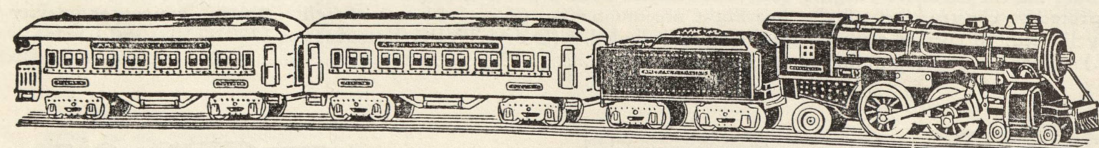

1471 TRAIL BLAZER—Reverse Locomotive, All Enamel. Not only is it the lowest priced wide gauge train on the market, but it is considerably larger and longer than similar trains made by others. Has 12 1/4 in. reverse locomotive. Sand Car and Caboose are each 14 in. long—the longest and heaviest made. Train is 43 1/2 long. 8 curved and 2 straight tracks included. (DYALTYPE Transformer 1290 or 1295 (110 V-60 Cycle) Recommended.) Former Price \$16.95. Each **\$14.95**

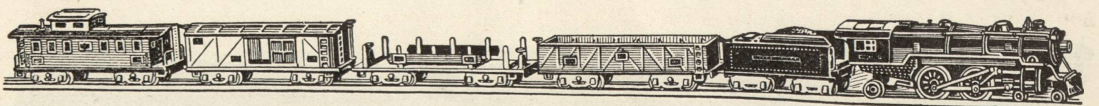

1474 BRIGADIER—Triple Action Remote Control Reverse. The lowest priced remote control wide gauge train made, 43 1/2 in. long. Locomotive is 12 1/4 in. long. Lighted cars are each 14 in. long, which is 2 in. longer than on other trains in this price range. Observation has polished brass platform rail and dome light. This train, with its remote control locomotive, will provide fun for years. 8 curved and 2 straight track included. (DYALTYPE Transformer 1290 or 1295 (V110 V-60 Cycle) Recommended.) Reduced from \$19.95. Each **\$17.95**

1475 MONROE—Patented Lighted Fire Box, Triple Action Remote Control Reverse. This 55 in. train is the longest two car steam type train made. The heavy cast locomotive with tender in 23 in. long, features four wheel pony trucks and trailer wheels and improved valve action. It operates by remote control and features the patented light in fire box. Cars are each 14 in. long. Caboose has electric light. You make your dollars do double service when you buy an American Flyer. 8 curved and 4 straight track included. (DYALTYPE Transformer 1290 and 1295 (110 V-60 Cycle) Recommended.) Each **\$24.95**

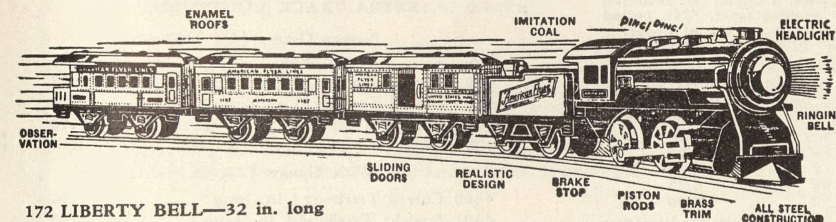

1477 NEW GOVERNOR—Patented Lighted Fire Box, Triple Action Remote Control Reverse. Powerful locomotive operated by remote control, has ten wheels, complete piston rod action, brass trim, and protected headlight, is 23 in. long. The lighted 14 in. cars are larger than on other makes. Observation Car has an additional dome light. Train is 55 in. long. \$2.25 less than last year. 8 curved and 4 straight track included. American Flyer's dominate the wide gauge field. (DYALTYPE Transformer 1290 or 1295 (110 V-60 Cycle) Recommended.) Each **\$27.50**

Heavy Steel STRUCTO TOYS Enamel Finish

WITH 2 ELECTRIC HEADLIGHTS & BATTERY!

STRUCTO electrified trucks are wired and constructed of the best approved materials 100% safe in the hands of the youngest child. They are realistic, lacking only an engine to make them reproductions of the real trucks.

LIGHTS are 2.5 volt, have opal backing reflector, gives illumination many times stronger than ordinary flash-light lamp. Can be replaced by a flash-light lamp or bulb. On the 2800 and 3800 series, a red tail light is used.

REFLECTORS are solid brass, welded to the side, or radiator, which gives protection to the lamp from front and sides.

BATTERY—2 cell, 3 volt, standard flash light battery obtainable everywhere. Like the lamps they are made

fresh and are tested just before packing but otherwise not guaranteed. Battery is equipped on the truck without charge. A battery equipped truck is distinctly superior to trucks without batteries, because sales resistance does not develop when the consumer learns that he must obtain units elsewhere to make the truck operate.

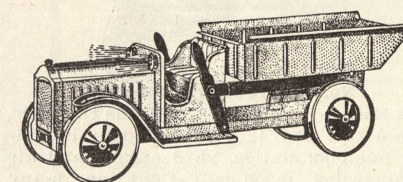

BATTERY CASE—This important feature is rigidly secured to the running board, easily accessible, fully protects the battery and has an easy working, self-locking switch.

No. 2815

HOOK & LADDER—15 in. extension ladders, real bell that rings, hand rails, steps and mud guards. Real Baked Enamel. Length 22 in., height 8½ in. With 3 Lights and Battery.

GILBERT TOYS

B320 KASTER KIT

Toydom's latest sensation. Cast your own soldiers, animals, Indians and other lead toys and novelties quickly and easily. In one hour's time any boy can produce an entire army of soldiers, just as perfect and finished as professionally cast models. Boys make good pocket money, casting and selling lead toys and novelties. Very simple to operate. Heat is supplied by a built-in electric heating unit, "standardized" for use with regular cord and plug cap as used in irons, toasters, percolators, etc. Just plug into any electric outlet. It's a real die-casting machine, simplified for children. Complete with one mould, 8 lead pigs, instruction manual and complete set of handling and mould cleaning tools. Extra moulds and pigs can be purchased separately. Size 10 1/4 in. x 6 3/4 in. x 6 in. 6 to 50 lbs. **\$5.00**

KEYSTONE "RIDE 'EM" HEAVY STEEL TOYS

with adjustable HANDLE BARS AND SEATS

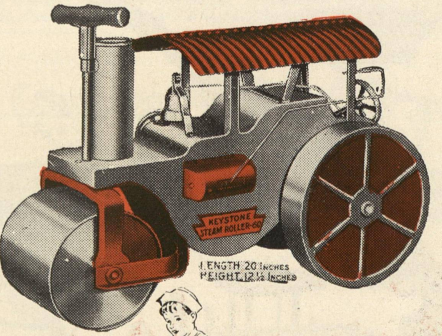

NEW!

KEYSTONE TOYS ARE NO LONGER PULL TOYS!

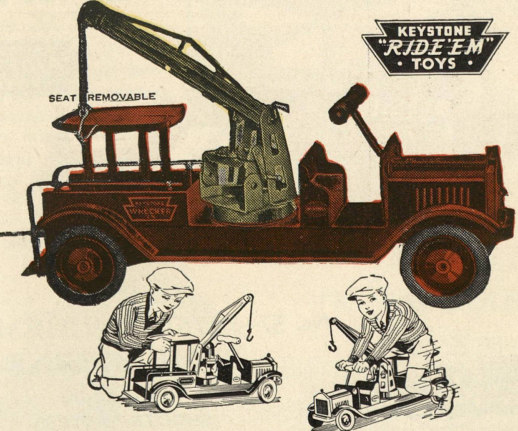

KEYSTONE "RIDE 'EM" TOYS open up a new field in steel toys. Detachable seat and the adjustable handle bar on the new Keystone line of "RIDE 'EM" toys are revolutionary. The seat is comfortable for the boy to sit on and the handle bar enables the boy to lean over on the toy and steer it more comfortably. With these features it will sell to a wider range of children. Toys that the children can ride and steer in front of them will outsell pull toys they pull behind them. Keystone "RIDE 'EM" toys will develop a child's arms and legs.

KEYSTONE "RIDE 'EM" toys may now be displayed with wheel goods as well as on the counter.

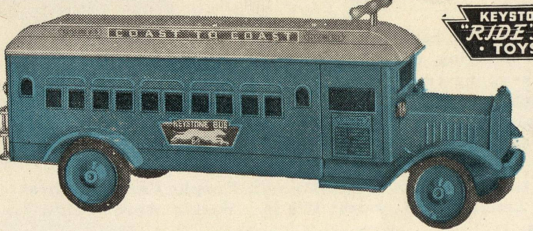

No. 60 KEYSTONE STEAM ROLLER PRICE \$4.50

With adjustable handle bar in front so that child can comfortably sit on roof and steer while riding. Extra heavy roller and wheels. Steering wheel in the rear. Loud air pressure whistle operated from side. Has loud ringing brass bell.

LIGHT WEIGHT: Model C Camera weighs only 3 pounds. HIGH POWER LENS SYSTEM: Universal focus, with an adjustable mechanical iris for varied light conditions. Lenses are detachable for cleaning. PROFESSIONAL TYPE: Synchronized shutter geared for perfect timing. HAND CRANK: With free turning handle. MONOCULAR VIEWFINDER: Built right into the Camera. You see quickly and accurately the desired action or scene exactly as you want it to appear on the screen. FILM REGISTER: Automatically indicates amount of film left after taking each scene. TRIPOD CONNECTION provided for. DAYLIGHT LOADING: Either the standard 100-foot or 50-foot reels can be used and safely loaded in broad daylight. PRECISION MOVEMENT: Finger type movement feeds film steadily with hairline accuracy. DISTINCTIVE FINISH: Attractive black crystal enamel with bright trimmings. ACCESSORIES: Leather carrying cases, tripods, screens, screen stands, and complete projection equipment.

\$12.50

KEYSTONE MOVIE CAMERA
PRICE \$35.00 With f3.5 Lens MODEL A SPRING MOTOR PRICE \$67.50 With f1.5 Lens

CONVENIENT SIZE: 2¾ in. thick x 9 in. long x 4 in. wide, with 1½ in. lens extension. LIGHT WEIGHT. f3.5 LENS: universal focus with adjustable mechanical iris. This lens is fast and accurate, giving a sharp, true to life, picture. The f1.5 lens is for ultra-rapid speed and is a standard Wallensak Ciné-Velostigmat lens—1 in. focus. MONOCULAR VIEWFINDER. TRIPOD CONNECTION. SPRING MOTOR: Designed to withstand severe use. Made of specially treated high grade spring steel. EASY WINDING: Similar to winding a clock. Key permanently attached to Camera and folds down out of the way

when not in use. About 20 feet of film can be taken with each winding. CAPACITY: 100-foot, or 50-foot. DAYLIGHT LOADING. FILM REGISTER. PATENTED AUDIBLE FILM FOOTAGE SIGNAL: At every two feet of film a sound like a faint bell is heard so that without removing camera from eye you will know the amount of film you are taking for a particular subject. PRECISION MOVEMENT: Finger type movement feeds film steadily and with hairline accuracy. DISTINCTIVE FINISH: Attractive black wrinkle enamel with highly polished chrome trimmings.

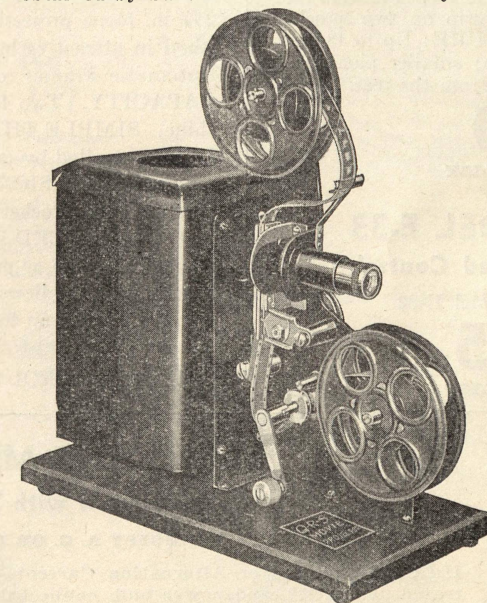

PROJECTOR No. E-38 HAND CRANK
